

RJ FUSION COUNTER®

RJ Environment Solutions Pte Ltd

The Fusion Counter® is a mobile cooking counter that utilises the ElectroStatic Precipitation (ESP) technology to eliminate up to 95% of oil, grease and smoke vapours from the cooking process. It enables users to do portable cooking with space-saving set-up where there is also an air cleaner included within the set-up for fume and odour purification and do not require any forms of ducting to conform to the standards set by the authorities.

MECHANISM OF FUSION COUNTER

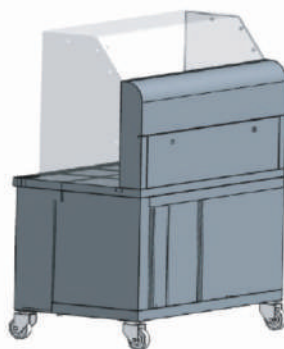

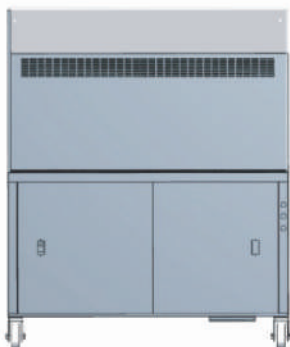

Prefilter + ESP + Clean Ozone + Carbon Filter + Ozone Filter
